

# Pre-course: JavaScript

## JavaScript – Ex15 – Min & Max

---

The following exercise contains the following subjects:

- ◆ JavaScript
- ◆ Loops
- ◆ Arrays

### Instructions

Write a program that takes an integer as a parameter and creates an array of the length of that integer.

The array should contain random numbers in the range 1-50 (inclusive) and the function should find and print the maximum number and the minimum number in the array.

### Example:

min is 2

max is 49

Submit the file to Hive.
